VOCATIONAL SCHOOL

PRE-TOWN MEETING

Tonight, Wednesday, February 8th, at the Mattapoisett Town Hall at 7:30 P.M., the Board of Selectmen will conduct a pre-town meeting to discuss the Regional Vocational School which will be voted on at the special Town Meeting next week on February 15th. Selectmen will be prepared to furnish information and answer questions on the proposed Vocational School at this session.

APPOINTED TO TRAFFIC COMMITTEE

Manuel Mello of Captain's Lane, Mattapoisett has been added to the Traffic Survey Committee as a member. The committee is making a complete traffic survey of the town, working in conjunction with the State Department of Public Works. This is the first survey since 1939. Other members of the committee are Earl Sherman, chairman; William MacLean, clerk; Manuel Nunes, Police Chief Alden Kinney and Fire Chief Kenneth Wood.

REGISTRATION DEADLINE

Tuesday, February 14th, is the last day to register to vote before the town election in March. The Town Clerk's office will be open on this day until 10 P.M. The office will also be open this Saturday until 6 from noon for voter registration.

PTC MEETING

Doors at the Old Hammondtown School auditorium will open at 7:30 P.M. this Thursday evening for the Mattapoisett Parent-Teachers Club. At 7:45 Mrs. Gladys Charest's fifth grade home room will present a delightful one-act play entitled "The Runaway Bookmobile". Students participating in the play are Laureen Swanson (Dragger Dugan), Joanna Mort (Bookworm Bailey), Ruth Stephan (Biblio, the Library Genie), Kathy Sheets (Medusa), Polly Perkins (Queen Elizabeth), Carol Gingras (Tom Sawyer), Cathy German (Voice of Aunt Polly), Debbie Nottage (Librarian), Cheryl Brown, Susan Gruner, Becky Heath (Chorus), and David Crowley (Director and curtain opener).

Following the play will be the speaker for the evening, Rev. William Bradley of Center Methodist Church, Fairhaven, who is the chaplain for the Juvenile Court. Rev. Bradley feels inadequate parents cause juvenile delinquents.

While parents and teachers are enjoying refreshments, door prizes will be given and members will learn more about the person in Mattapoisett who said, "I'll eat my hat if ....," and hear club announcements.

Mrs. Wayne Bailey, hospitality chairman, has worked on the February program with the help of club members, Mr. and Mrs. Phillip

COUPLES CLUB MEETING

The St. Anthony's Couples Club held their monthly meeting on Saturday, January 28th. The couples enjoyed a pot-luck supper at the church hall which was gaily decorated in keeping with the evening's theme of "Calendar Capers by Candlelight".

The candlelight enhanced the table settings which depicted the various festive holidays of the year.

Mr. Walter Owen, art director of New Bedford High School, provided the entertainment for the evening by delivering a short lecture on art and drawing caricatures of the members attending. A short business meeting was held.

GRANGE MEETING

Mattapoisett Grange held its bi-monthly meeting last Thursday night with the worthy master, Susan Bence, presiding. Honored guests were Honorary Deputy Clarence Anderson, Herbert LaFleur, master of Acushnet Grange; and Robert Ouellette, master of Rochester Grange.

The project is to raise funds for the purchase of a laser-photocoagulation apparatus to be used by the Diabetes Foundation in treating the visual complications of diabetes, known as diabetic retinapathy. She also reported on the painting fund card party.

Mrs. Otto Kellish reported on the illness of Mrs. Atkinson, who is recovering from a bad fall. Mrs. Lemuel LeBaron gave a financial report on the anniversary celebration, and a vote of appreciation was extended to her by the Grange members.

The lecturer's march prize was awarded to Earle Wilson. A most enjoyable game program was conducted by Mrs. Ruth Shaw, with coffee and sandwiches concluding the evening.

The next meeting is February 16th and the Junior Grange will entertain and serve the refreshments.

sents has had some fine but disastrous results. About 30 artists submitted designs from which one was to be selected for the program cover. The art faculty, Anthony Domingos and Mrs. David Hong, as well as the students acted as judges. Their choices were Linda Costa, first; Timothy Sullivan, second; and Anne Hinman and David Boyce, tied for third place.

However, in consultation with Zavan A. Mazmanian, director of the show, who in turn had discussed this with the professional costumers in Boston, it was found that the lion motif used by the first place artist was not representative of this historic period. Therefore, it was necessary to use the second place design for the program cover. All four drawings are on display in the school with the judges' ratings.

Another 45 students in the Senior High art classes have worked on posters. A total of 23 have been placed in area businesses. A two color design plus lettering were the ground rules of the assignment. It is worth a tour of store windows to see the appealing results.

In addition, Mr. Domingos has designed a stage setting to serve as an extension of the professional backdrop for a scene in which the apron of the stage is needed. Several seniors are working on this project.

GIRL SCOUT NEIGHBORHOOD MEETING

Mrs. Margo Volterra of Fairhaven, District I adviser for the Girl Scouts, was special guest at the recent supper meeting of the Mattapoisett Neighborhood Association of the Girl Scout leaders and committee members. She gave a brief explanation of the Juliette Lowe World Friendship Fund which is used to finance four international centers for Girl Scouts throughout the world, and, in addition, helps to underwrite an exchange program enabling Girl Scouts and Girl Guides to promote understanding and good will by living and working abroad. All troops in Plymouth Bay Council are presently participating in an international friendship project. Troops in Mattapoisett will be making a study of Trinidad and Tobago. Highlight of the project will be a display in the Mattapoisett Library during Girl Scout Week, March 12 through 18. Featured in the display will be the flag of Trinidad and Tobago, made by the Senior troop with materials furnished by the younger girls. Anyone having items which might be of interest for the display may contact Mrs. Gordon Larcom.

clothing for the children of Appalachia. A great deal of clothing has been collected but the Student Council would like to increase the amount of clothing prior to the deadline for the Drive on February 10. In the Southern Appalachian Mountains there is a poverty area and the boys and girls are unable to go to school because of the lack of proper clothing. Laura Escobar, president of the Student Council, and chairman of the Drive, urges all students at the high school and residents of the three towns, to bring wearable shoes, coats, dresses, etc., to the collection center at the Old Rochester Regional High School.

LETTERS TO THE EDITOR

LETTER TO THE EDITOR

Many taxpayers in Mattapoisett have inquired as to the costs involved to the various taxpayers concerning the proposed Regional Vocational School on Cape Cod.

The capital costs based on 2.39 per thousand dollar valuation will be as follows if Mattapoisett decides to remain in the proposed region: 12,000 dollar house 28.68 increase; 20,000 dollar house 47.80 increase; 30,000 dollar house 65.70 increase; 40,000 dollar house 95.00 increase.

In several cases some taxpayers will be faced with an increase in excess of 400.00. These are established costs, less reimbursements if any, and will remain in effect whether we use the school or not and will remain in effect for 20 years.

The above costs do not include the operating expenses, but the capital costs alone will use up more money than the entire sales tax revenue for this year. To cover the capital and operating costs your assessors will have to raise in excess of three million dollars in new revenue to maintain a reasonably stable tax rate.

Since the proposed school is to be located on the Cape the question seems to be how many students will apply and be accepted, as we now have only 4 attending New Bedford Vocational School which is only 6 miles away.

The tuition to a private trade school is approximately $800. per year per student, and if we had the maximum amount of students enrolled the cost would be $32,800 which is much less than the capital costs of the proposed school. Several Unions have also set up top trade schools with a tuition of $200. per year to qualified students.

We are now one of the highest taxed towns in the State with a tax rate of 30.30 based on full valuation with the result February 15th is a very important meeting as you, the voters, will be establishing your tax rate for many years to come.

John D. Gibbons

on arms so they would be over the center of the road - Wonderful. BUT, then they are to eliminate the pedestrian push button light because of the small number of people using it.

Now, evidently it could remain if the number of people using it were large enough so a small number couldn't be tying up traffic. When 195 is completed to New Bedford everyone is howling about the huge influx of added traffic - so it would appear that the lights would be necessary where the town is divided by a choked, speeding highway. The old - the children - and even ordinary in between folk that help to finance all these omnipotent judgements should be able to cross over a practically town street.

On just a regular red light - many times - one has to wait for a few extra cars to get through the red light and then try to get across on the remaining time.

On one holiday I watched inspectors stop so many cars and hop into their car and chase so many for speeding through the red light at North Street, that finally they gave up and camped down at the Main Street traffic light where things were less hectic.

Then, cars on the side streets step on it to try and make the green light and swoop around the corner.

Then - also - the mechanism for the push button yellow pedestrian light is already installed.

It is very easy for someone to sit in an office and say how cars should be run - like the king enthroned on the beach who said to the waves - "Thus far and no further" - traffic today just romps along with the smallest mixture of rules and regulations possible.

So, therefore, as it is admitted that the yellow light is not used enough, it isn't causing interference. The mechanism is already installed and is available to those prudent people that need it. So why not keep a safety measure we already have???

TO SPEAK AT YWCA AT HOMEMAKERS FORUM SERIES

Miss Edna M. Carlson, executive director of New Bedford Child and Family Service, a family counseling agency, is the next speaker in the Homemakers Forum Series, Wednesday morning, February 15th, at 11. Miss Carlson's subject will be "Wholesome Personality for Your Child". Miss Carlson's master's degree is from the University of Pittsburgh, School of Social Work.

Miss Carlson has been a leader in New Bedford's community and social activities for many years, and her accomplishments in the areas of child guidance and family living are outstanding.

Homemakers Forum is open to the public, and non-members are cordially invited to participate in the discussions and question period. Nursery care for young children is available. There is no fee, and previous registration is not required for the session.

CIRCLE TO OBSERVE 7th ANNIVERSARY

At the last meeting of Hilltop Friendship Circle, held in the Sunday School rooms of the Quaker Meeting House, it was decided to observe the seventh anniversary of the Circle by holding a covered dish luncheon and Washington's Birthday party on February 21st.

Mrs. Ruth W. Shaw, president, conducted the meeting when routine business was transacted, and reports given by committees that had visited shut-ins with gifts during the holiday season. Many notes of thanks were received.

Mrs. Marjorie H. Wilson, chaplain, offered a very impressive prayer. Members worked on articles for next summer's sale.

GLAUCOMA... SNEAK THIEF OF SIGHT

Glaucoma is a leading cause of blindness among adults in the United States. One out of every eight blind people you see is a victim of glaucoma (pronounced glaw-koma). Practically all of them had normal sight most of their lives. But sometime during their forties, fifties or sixties, they went blind, for glaucoma rarely strikes until after forty.

There are two principal types of glaucoma: acute and chronic.

The acute type strikes suddenly, inflicting cloudy vision, with or without severe pain in and around the eyes.

The chronic type--which is much more common than acute glaucoma--works slowly and painlessly. The victim is only vaguely disturbed by the symptoms which come and go; as a result, he postpones visiting his doctor.

If you are near or past forty, therefore, you have a direct interest in knowing how to defeat blindness from glaucoma.

FREE GLAUCOMA CLINIC

Dr. Donald Nahigyan of the Mattapoisett Lions Club and Dr. David MacFarlane of the Marion Lions Club urge those in the age group over 40 to take advantage of the Free Glaucoma clinic to be held at the Mattapoisett Center School on Wednesday afternoon, February 22, from 1:30 to 5:00 P.M.

MAKE YOUR OWN MISTAKES

Weather reporting, like witch doctoring, seems to depend heavily on the element of faith and luck. No matter how far wrong last night's forecast proves, the faithful will gather to hear the word for tomorrow. So, this effort is not intended to throw the television forecaster wizards out of work but simply to supplement their masterpieces with some local guesswork. This is for the do-it-your-

The sky is a certain forecaster - you can depend on these two

RED SKY AT NIGHT - SAILOR'S DELIGHT
RED SKY IN THE MORNING - SAILORS TAKE WARNING

The direction of the wind is a good indication of the weather that is to follow. After checking the weather vane, consult this poem and it will seldom be wrong in our area.

WHEN THE WIND IS FROM THE SOUTH IT BLOWS THE BAIT IN THE FISHES' MOUTH
WHEN THE WIND IS FROM THE WEST THAT IS WHEN THE FISHING'S BEST
WHEN THE WIND IS FROM THE EAST 'TIS NOT FIT FOR MAN NOR BEAST
WHEN THE WIND IS FROM THE NORTH WISE MEN NEVER VENTURE FORTH.

selfer who wants to have a little fun with forecasting his own weather. Most people have a barometer around the house. They are attractive wall decorations, and when the arrow goes up - that's good, and when the indicator goes down - that's bad. However, the old timers used this instrument, together with wind direction, as a pretty fair weather gauge, with some fairly precise predicting for short range knowledge.

So, for your amusement, we have prepared a chart which you can cut out and save by your barometer. If you can jot down 3 or 4 readings a day we predict that you will do at least as well as any of the local old timers, and it might be interesting to compare your forecast with those by the experts. Who knows what fantastic results might confound the witch doctors.

Never forget that, together with science, the lines with the chart contain the certain wisdom of the Yankee forecaster.

Now, it's science versus the do-it-yourself-

Town folks of Mattapoisett,

1. The town of Mattapoisett has been good to my brother and me in giving us an excellent secondary education.

2. The town has been good in providing my son and daughter an excellent secondary education.

3. The town, in its small way, is trying to give my retarded son a training education.

4. I am prepared to pay my share for secondary education of any of the children of Mattapoisett.

5. Are you prepared to match my sacrifice?

I am going to vote to offer vocational education to our children.
